

# Battery Powered Strobe Warning Light

## Model BPL26ST

### PORTABLE WARNING LIGHT

- 12VDC — uses two standard 6VDC lantern batteries
- 4,000 Hour strobe tube
- Five dome colors
- NEMA 3R, IP45 weatherproof enclosure
- Magnetic mount

Federal Signal's Model BPL26ST is a portable, battery-powered strobe warning light which flashes 65 times per minute. Components are moisture-proof and reverse polarity protected to ensure extended battery life and trouble-free performance.

The BPL26ST is available in five fresnel dome colors; amber, blue, clear, green and red. For increased durability, the dome is made of impact-resistant polycarbonate materials and the base is constructed from a high-density polyethylene. A flexible rubber seal covers the on/off switch to protect it from the elements.

Two magnetic pads (not shown) are included for simple yet secure, temporary mounting.

Power is supplied by two standard 6VDC, spring terminal lantern batteries (not included).

The Model BPL26ST is ideal for job sites requiring temporary warning lights or for any location where primary power is unavailable.

Model	Voltage	Operating Current	Flash Rate/Minute	Mount
BPL26ST	12VDC	0.48 amps	65	Magnetic
