

Adapters are available in various configurations to provide additional outlets for special applications. Most adapters can be used as accessories to the Retract-O-Matic Cord Reel products. This includes the metal and plastic guard as well as fluorescent work lights.

The "U-Ground" adapters are frequently used for industrial, residential, commercial, and construction applications.

The Locking Connection adapters assure a secure connection utilizing phosphor-bronze contacts.

A "Y" adapter with no plugs or connectors is available for special applications which may require "custom" plug configuration assembly.

### U-Ground Adapters and Accessories

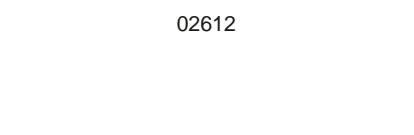

- Power Stopper Power Block, SJTW
- SJT, 3-Outlet
- SJT, Power Block
- STW, Power Block
- SEOW, Power Block
- STW, "Y" Adapter
- STW, "W" Adapters

### Locking Connection

- STW, Locking Plug/U-Ground Connector
- STW, U-Ground Plug/Locking Connector
- SJT, U-Ground Plug/Locking Connector
- STW, Locking Connection Power Block w/3-Outlet U-Ground Connector
- STW, Locking "Y" Adapters
- STW, Locking "W" Adapter
- STW, RV/Mobile Home Adapters
